PROFESSIONAL SUMMARY

A fresh graduate in Information Technology with knowledge of full-stack web development and experience building web applications using Next.js, TypeScript, Node.js, Express.js, PostgreSQL, and Prisma. Passionate about developing responsive, scalable, and user-friendly applications. Eager to apply technical skills, learn from experienced developers, and contribute to a collaborative software development team.

EXPERIENCE

RGRR WEBMAKER

Junior Web Developer - Intern

August 2025- Dec 2025

Lucena, Calabarzon, Philippines (On-site)

- Independently developed ptFINDER, a web platform that connects students in Quezon Province with flexible part-time job opportunities.
- Designed and built responsive user interfaces using Next.js and TypeScript.
- Developed backend APIs using Node.js and Express.js.
- Integrated a PostgreSQL database using Prisma ORM.
- Implemented user authentication, job posting, and application management features.
- Optimized application performance, fixed bugs, and improved system reliability.
- Collaborated with the development team during testing, debugging, and deployment.
